

Space Planning PROJECTS

Architects & Heroes Beauty Salon - RTK provided interior design and space planning services for this beauty salon on Montana Avenue in Santa Monica. The challenge was in accommodating the program within the long narrow space. Utilizing simple and careful use of materials with imaginative detailing, the design achieved a modern "streamlined" space.

Architects & Heroes, Santa Monica, CA

8665 Wilshire Blvd. - Transformation of the building shell and interiors was undertaken to bring the building in line with current market spatial and performance needs. The ideas demonstrated by this project build on the typology of film company renovations in several towers along Wilshire Blvd., while exploiting the richness of wood, stainless steel, aluminum and glass.

8665 Wilshire Boulevard, Beverly Hills, CA

Infuzion Café - Tenant Improvements for a small café specializing in gourmet coffee and tea drinks. The design incorporates the use of slate limestone, stained woods and custom paint finishes to achieve the client's goal of a warm and comfortable neighborhood coffee house capable of accommodating occasional readings and performances.
